\* IC 13-15-4-1 (as amended by HEA 1919, effective July 1, 1999) required the time frame for permitting decisions on applications for Drinking Water Facility Construction Permits to be reduced from 120 days to 90 days. In addition, state rule 327 IAC 8-3-5.5 limits permit review of all Drinking Construction Permit applications -- except those for water treatment plants -- to 60 days, the decisions deadline depicted on this chart.

\*\*The data provided for applications pending represents a "snapshot" of the number of permit applications pending at the end of the given month.

\*\*\* During April 2002, one permit application review was completed in 62 days. That is 2 days past the 60 day decision deadline establish by state rule 327 IAC 8-3-5.5, but well within the statutory timeframe for drinking water construction permit decisions under state law IC 13-15-4-1.
